How Event Promotes Tourism in South Jacksonville

How does your event promote tourism, conventions, and other events within the city?

How does your event attract non-residents?

If your application were accepted, how would the tourism funds granted be used?

To the best of my knowledge, the information given to the Village of South Jacksonville Tourism Committee concerning the above event is true and accurate. Any funds received will be used strictly for the purposes in this application. I understand that the Village of South Jacksonville Tourism Committee may require receipts verifying expenditures.
