## **NOTICE**

## Beginning January 2017 until completion

## Village of South Jacksonville Water Department Employees

will be going house to house in the Village to install equipment that is necessary to complete the upgrade to the automated meter read system that we are changing to.

The installation will only take a few minutes and we respectfully ask that you allow our employees to enter your home to make this change as seamless as possible.

If you have questions, feel free to call Village Hall at 217-245-4803.

Thank you,
John Green
Utilities Superintendent
